

KALKA INSTITUTE FOR RESEARCH AND ADVANCED STUDIES,
ALAKNANDA, NEW DELHI

MOCK INTERVIEW

Day and Date: Thursday, 17th April, 2025

Time: 10:00 a.m.

Venue: Multipurpose hall, KIRAS

Organized by: Cultural club, KIRAS

INTRODUCTION

Kalka Institute for Research & Advanced Studies (KIRAS), Alaknanda, New Delhi has always been committed to the holistic development of its students by providing them with academic knowledge as well as practical exposure. In line with this objective, the institute organized a Mock Interview for the B.Ed 2nd Year students to prepare them for real-life job interviews in the field of education. The purpose of this initiative was to familiarize students with the interview process, boost their confidence and equip them with essential skills required to secure good teaching positions in reputed institutions.

Objective of the Mock Interview

The primary objectives of conducting the mock interview were:

- To provide students with a realistic experience of a formal job interview.
- To assess the communication skills, teaching aptitude, and subject knowledge of students.
- To enhance students' confidence and readiness for job placements.
- To offer constructive feedback for improvement in presentation and interview skills.
- To acquaint students with professional etiquette and ethical practices expected in the teaching profession.

Panel of Interviewers

The interview panel comprised experienced academicians and subject experts who played a pivotal role in making the mock interview session productive and insightful. The panel included:

- **Dr. Rajiv Kumar** — *Principal, KIRAS*
- **Dr. Archana Vats** — *Associate Professor*
- **Dr. Puneet Kapatia** — *Subject Expert*
- **Ms. Vimmi Kumar** — *Subject Expert*

Their collective expertise in the field of education added immense value to the session.

Format and Execution

The Mock Interview commenced with a formal welcome address followed by the mock interviews. Each candidate was called individually and was asked to:

1. Give a Self-Introduction.
2. Answer subject-related questions.
3. Demonstrate teaching skills by presenting a micro-lesson on a topic of their choice.
4. Respond to situational questions relevant to classroom management, student handling, and ethical dilemmas in the teaching profession.

The panel observed the candidates' body language, clarity of expression, subject command, teaching methodology, and overall demeanor.

Feedback and Suggestions

After each interview, the panelists provided constructive feedback to the candidates, highlighting their strengths and areas needing improvement. Suggestions focused on:

- Improving communication and classroom management skills.
- Enhancing teaching aids and techniques for better lesson delivery.
- Maintaining a positive and confident body language.
- Understanding and adhering to professional ethics and responsibilities.

Concluding Remarks by the Director

Following the successful completion of the mock interview session, Dr. Shubham Saxena, Director of KIRAS, addressed the gathering. In his concluding remarks, he:

- Appreciated the efforts of the panellists and students.
- Shared valuable tips on facing interviews, including the importance of punctuality, appropriate dress code, clear articulation, and staying updated with current educational practices.

- Emphasized the significance of professional ethics in the teaching profession, such as integrity, empathy, fairness, and dedication towards students' welfare.
- Encouraged students to continue refining their skills and wished them the very best for their future endeavors.

Outcome of the Event

The mock interview session proved to be a highly effective and enriching experience for the B.Ed students. It provided them with:

- Practical exposure to real interview scenarios.
- Insight into employer expectations and hiring criteria.
- Confidence to face job interviews with preparedness and composure.
- Useful feedback for professional growth and career advancement.

Diwali Celebration (Oct 29, 2024)

The Diwali celebration organized by the BCA students was a resounding success, bringing together students from diverse backgrounds to celebrate the festival of lights in a joyous and festive atmosphere. Through various activities such as diya making, rangoli, poster making, and cultural performances, students not only showcased their creativity and talent but also deepened their understanding of Indian culture and traditions.

Annual Sports Meet (Feb 18, 2025)

The **Annual Sports Meet 2025**, held on **February 18th**, was a remarkable and well-executed event that brought together the spirit of sportsmanship, cultural expression, and community unity. The day began with a warm and gracious welcome extended to the distinguished guests and dignitaries, setting an inviting and enthusiastic tone for the event. The welcoming speech by **Dr .Puneet** further heightened the excitement, underscoring the importance of the event as an opportunity to showcase talent, foster teamwork, and celebrate both athleticism and cultural diversity.

One of the first highlights of the day was the **March Past**, a grand and orderly procession where teams from different departments and sections of the institution marched proudly. It was a visual representation of unity, discipline, and the collective spirit that defines the essence of the event. This display of precision and togetherness set the stage for the exciting events to come.

Following this, **Dr. Anju Mehrotra** and **Dr. Onika Mehrotra** took the solemn **oath** on behalf of all the participants, pledging to uphold the highest standards of sportsmanship and fair play throughout the competition. Their words resonated deeply with everyone present, as they emphasized the importance of not just winning but also participating with integrity, respect, and camaraderie.

A symbolic moment came with the **Lighting of the Torch**, a tradition that marks the official commencement of the Sports Meet. The lighting of the torch was filled with a sense of grandeur and excitement, representing the igniting of energy and enthusiasm for the games ahead. This was followed by the **Inaugural Speech** delivered by esteemed guests including **Dr. Anju Mehrotra**, **Dr. Onika Mehrotra**, **Dr. Shubham Saxena**, and **Dr. Rajeev Kumar**. Their inspiring words encouraged the athletes to push their limits, to compete with determination, and to always strive for excellence, while also appreciating the importance of community and collaboration in achieving success.

The event was not only about sports but also about celebrating the rich cultural heritage of the participants. The **Cultural Events** were a testament to the vibrant creativity and talent of the students. The classical dance performances, including **Bharatnatyam** and **Odissi**, were performed with grace and precision, bringing traditional Indian art forms to the forefront of the event. These performances were followed by **Folk Dances** from the B.Ed. and BCA students, which added a lively and colorful touch to the day's proceedings, highlighting the diversity and energy of the performers. A particularly fun moment was the **Comedy Dance Performance by the B.Ed. students**, which blended humor with rhythm, providing the audience with a light-hearted yet entertaining experience. The **Yoga Performance** was another highlight, offering a serene and calming interlude amidst the day's action, promoting physical well-being and mental focus.

The **Sports Events** were the heart of the day, with participants competing across a wide range of athletic disciplines. The individual and team sports demonstrated the spirit of friendly competition and athletic prowess. The races, including the **100m, 200m, and 400m** sprints, saw athletes testing their speed and endurance, while the **Relay Race (400m)** added an element of teamwork and strategy. The **Shot Put Throw** and other field events showcased strength and precision. In addition to track and field events, mental agility was put to the test with games of **Chess** and **Carrom**, while the traditional sports of **Badminton, Tug of War, and Cricket** brought in elements of strategy, coordination, and team effort. The **Tug of War**, in particular, was a fun and engaging event, allowing everyone to cheer for their teams with full enthusiasm.

Following a day of intense competition, the much-anticipated **Prize Distribution Ceremony** took place, where winners were recognized and celebrated for their exceptional performances across both sports and cultural events. The prize distribution was a moment of recognition for hard work, perseverance, and skill, highlighting the efforts of all the participants.

In a gesture of gratitude, **Dr. Naveen Arya** delivered the **Vote of Thanks**, extending heartfelt appreciation to the guests, participants, organizers, and volunteers who contributed to making the event a resounding success. His speech not only acknowledged the efforts of everyone involved but also reflected on the importance of such events in fostering community spirit and encouraging holistic development in students.

The event concluded with the **National Anthem**, a moment of unity and patriotism, where all attendees stood together in respect, creating a powerful and collective sense of pride. The Annual Sports Meet 2025 was an outstanding success, not only in terms of competition but also in terms of building stronger bonds within the community and celebrating the diverse talents of the participants. It left everyone eagerly looking forward to next year's edition, with memories of a day filled with competition, camaraderie, and celebration.

Quiz Competition (March 04, 2025)

On 4th March 2025, ITS Ghaziabad hosted the "Young Talent Hunt" General Knowledge (GK) Quiz Competition at the college. The event saw enthusiastic participation from 39 students, who competed in a series of questions designed to test their knowledge across a wide range of general topics, including current affairs, history, geography, science, and more.

The competition was an exciting platform for students to challenge their intellectual abilities, stay updated on global events, and sharpen their quick-thinking skills. The event fostered a sense of healthy competition and encouraged participants to broaden their knowledge base.

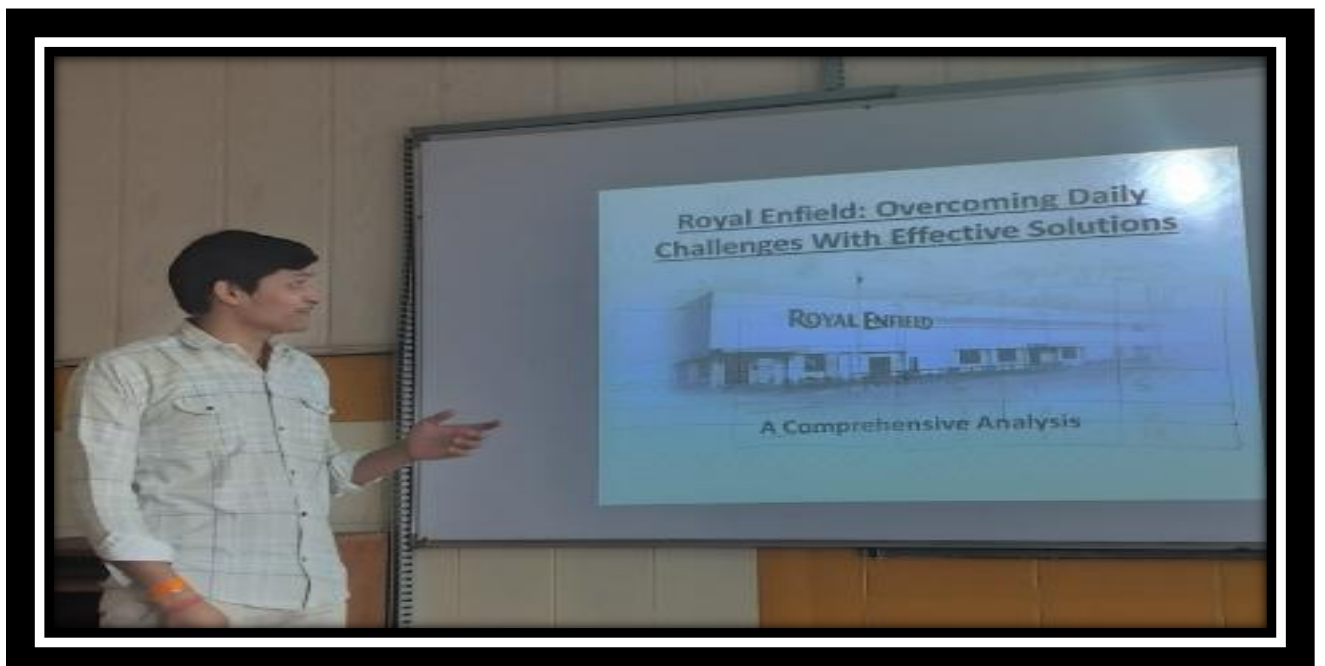

To recognize the efforts of all the participants, participation certificates were awarded, honoring their involvement and commitment to the quiz. The "Young Talent Hunt" served as a great opportunity to encourage students to engage with general knowledge and continue developing a well-rounded understanding of the world around them.

The event concluded with a sense of accomplishment for both the participants and organizers, contributing to the intellectual growth and academic spirit at ITS, Ghaziabad.

Presentation on Day to day operation of an industry and how it solves the problem through decision making.

(March 10, 2025)

On **March 10, 2025**, a presentation was conducted by students on the topic "**Day-to-Day Operations of an Industry and How It Solves Problems through Decision Making.**" The session was insightful and showcased the students' understanding of real-world industrial practices.

During the presentation, students explained the daily functions of various departments within an industry, including production, logistics, human resources, and customer service. They highlighted how effective coordination among these departments ensures smooth operations.

A major focus was on **problem-solving and decision-making strategies**, such as identifying operational bottlenecks, analyzing root causes, and implementing solutions using data-driven methods. Students also presented real-life case studies demonstrating how industries tackle challenges like supply chain delays, workforce management, and quality control.

The presentation was well-researched and delivered with confidence. It reflected the students' analytical thinking, teamwork, and awareness of the business world. The session concluded with a Q&A round, where students answered queries with clarity and enthusiasm.

Personality Development Activity by Trained Persons

Extension Lecture on “Student Interaction on Corporate Expectations Myths & Reality

(Sept 03, 2024)

On September 3, 2024, our college hosted a highly engaging and insightful Extension Lecture on the topic “*Student Interaction on Corporate Expectations: Myths & Reality.*” The session was aimed at bridging the gap between academic learning and corporate requirements, providing students with a clearer understanding of what the corporate world truly expects from them upon graduation.

The lecture was conducted by Ms.Shirley a prominent industry expert with extensive experience in corporate recruitment and talent development.

Synopsis Presentation (Nov 11, 2024)

On November 11, 2024, our college organized a Synopsis Presentation session for the final-year students of the Bachelor of Computer Applications (BCA) program. This event provided an excellent platform for students to present the synopsis of their research projects, which form an integral part of their final-year curriculum.

The presentation was attended by faculty members, project guides, and fellow students, and aimed at evaluating the progress of the students' projects, providing constructive feedback, and helping them refine their work before the final submission.

Republic Day Celebration (Jan 24, 2025)

Republic Day was celebrated with great zeal and enthusiasm at our college. The campus was filled with excitement as students actively participated in various cultural activities. These activities not only showcased the diverse talents of the students but also highlighted the spirit of patriotism that Republic Day embodies.

The event featured inspiring speeches by both students and teachers, who spoke about the importance of the Constitution, the significance of the day, and the values of democracy and unity that it represents.

Overall, the celebration was a meaningful and joyous occasion, reminding us all of the importance of our nation's history and the values we uphold as citizens of India.

Industrial Visit at MCN Soultions Pvt. Ltd., Noida (Feb 01, 2025)

On Feb 01, 2025, a group of 44 students had the opportunity to visit MCN Solutions Pvt. Ltd. in Noida. The visit was both educational and interactive, focusing on several key areas in technology and innovation. The session was conducted by two expert resource persons, Mr. Shiv Sharma and Mr. Satoshi Nakamoto, who provided valuable insights into emerging technologies.

Session 1: Mr. Shiv Sharma - Power BI, Low-Code/No-Code Development, and AI Tools

Mr. Shiv Sharma initiated the session by discussing the following core topics:

- **Power BI:** He provided an overview of Power BI, emphasizing its capabilities in data visualization and business intelligence.
- **Low-Code/No-Code Development:** Mr. Sharma explained the concept of low-code/no-code development, focusing on how it simplifies application creation without writing traditional code. He discussed tools like Power Apps and Power Automate for creating intuitive applications with minimal coding.
 - **Use of SharePoint as a Connector:** One of the examples demonstrated was using SharePoint as a connector in Power Apps to manage data effectively. He explained how drag-and-drop features could be used to create user-friendly interfaces.
- **Challenges of Traditional Coding:** Mr. Sharma also highlighted the challenges faced in traditional coding and how low-code/no-code tools can significantly reduce development time and complexity.
- **AI Development:** He suggested Python as an ideal starting point for those interested in AI development, especially for automating processes and optimizing workflows.
- **Power Automate:** A demonstration was given on how Power Automate can be used to create automated reminders and notifications for users.
- **Database Management:** He elaborated on the role of databases like SharePoint and Dataverse in data management and integration.

Mr. Sharma also discussed the **AI & Copilot Journey**, detailing how AI tools like AI Builder are evolving, from text recognition and facial recognition to speech and security-related applications. He provided examples of practical implementation in Azure, showcasing how AI tools can enhance user experiences through text, face, and voice recognition.

Session 2: Mr. Satoshi Nakamoto - Blockchain Technology and its Applications, Crypto currency, VR, AR, MR.

Mr. Satoshi Nakamoto led the second session, delving into the world of **Blockchain Technology** and its applications:

- **Introduction to Blockchain:** He explained the foundational concepts of blockchain, its decentralized nature, and how it is revolutionizing industries. He also introduced the concept of **Bitcoin**, the first digital currency, and its underlying technology.
- **Cryptocurrency vs. Fiat Currency:** Mr. Nakamoto differentiated between traditional (flat) currencies and cryptocurrencies, highlighting the advantages and potential challenges of cryptocurrencies.
- **How Blockchain Works:** He covered the technical workings of blockchain, explaining how data is securely stored and transactions are validated.
- **Benefits of Blockchain:** The session included discussions on the benefits of blockchain, including enhanced security, transparency, and the ability to reduce intermediaries in various industries.
- **Blockchain Applications:** Various real-world applications of blockchain were explored, showing its potential to transform finance, healthcare, supply chains, and more.
- **Job Roles in Blockchain:** He discussed the increasing demand for blockchain professionals and the various job roles available in the field.

A practical session on the **Sharp Rewards App** was conducted, where students had hands-on exposure to the app's functionalities.

Virtual Reality (VR), Augmented Reality (AR), and Mixed Reality (MR)

Mr. Nakamoto also introduced the students to **VR, AR, and MR** technologies, explaining their potential in various industries such as gaming, education, healthcare, and entertainment. He

demonstrated practical applications of these technologies, providing students with an interactive experience.

Key Takeaways:

- Understanding the power and potential of **low-code/no-code development** tools like Power Apps and Power Automate.
- Insight into **AI development** and how it can be implemented in practical scenarios using Azure tools.
- An in-depth introduction to **blockchain technology** and its real-world applications, especially in cryptocurrency.
- Hands-on experience with **VR, AR, and MR** technologies.

The session concluded with a short test that was given to the students to assess their understanding of the topics discussed. The students actively participated throughout the session, engaging in discussions and practical activities. Overall, the industrial visit at MCN Solutions Pvt. Ltd. was an enriching experience that provided valuable knowledge on cutting-edge technologies and their practical applications. The students left the session with a greater understanding of the future of technology and its potential impact on various industries. The visit was highly beneficial, offering deep insights into the future of technology.

Celebration of Vasant Panchami (Feb 03, 2025)

The celebration of **Vasant Panchami** at KIRAS was a lively and vibrant event that brought together students and faculty. The festival, which is dedicated to **Goddess Saraswati**, symbolizes knowledge, wisdom, and the arts, making it a perfect occasion for students to showcase their talents.

The students actively participated in various cultural performances, including **speeches, poems, and songs** that reflected the essence of the festival. Their dedication and enthusiasm filled the atmosphere with energy and joy. Through these performances, they not only honored the traditions of the festival but also highlighted the importance of creativity and learning in their lives.

The event was graced by the presence of **Dr. Shubham Saxena**, the Director of KIRAS, and **Dr. Rajeev Kumar**, the Principal of the institution, who encouraged the students with their motivating words. Dr. Saxena's insightful address emphasized the significance of knowledge and the power of education, while Dr. Kumar's speech inspired the students to continue pursuing excellence in all aspects of their lives.

The faculty members, too, played an important role in guiding and supporting the students throughout the preparations and during the celebration itself. The event not only marked the festive spirit of **Vasant Panchami** but also served as a reminder of the importance of knowledge and the arts in shaping a brighter future for the students.

It was a wonderful occasion that united the KIRAS community, reinforcing the values of creativity, knowledge, and cultural heritage.

Holi Celebration (March 13, 2025)

The Holi celebration “JASHANN-E- RANG” at our college, held on **13th March**, was a fantastic and vibrant event that brought the campus alive with color, joy, and creativity. The day was filled with various **cultural activities** and fun-filled moments, making it an unforgettable experience for both teachers and students.

The celebration featured a variety of **cultural performances**, including a **stand-up comedy act**, which had everyone laughing and enjoying the light-hearted moments. A special **act** was presented through a **video**, highlighting the significance and colorful spirit of Holi, as well as the joyful moments shared by students. This presentation captured the vibrant spirit of the festival, setting the tone for the day's celebrations.

The event also featured a **selfie point**, where students and faculty took colorful pictures to capture the fun moments. The **DJ** played lively music, encouraging everyone to dance and enjoy the beats. To keep the energy high, a series of **fun games** were organized for both **students and teachers**, promoting team spirit and adding a playful touch to the day.

Overall the event was a true embodiment of the spirit of Holi—filled with fun, laughter, music, and, of course, colors. Students actively participated in all activities, enjoying every moment of the celebration and creating lasting memories with friends and classmates.

The celebration was filled with laughter, music, colors, and a strong sense of community. Students and teachers came together to enjoy the festivities, making it a day of fun, unity, and enjoyment. The Holi celebration was a fantastic way to experience the joy of the festival while creating lasting memories with friends and colleagues.

The **Holi celebration** was a perfect blend of tradition, entertainment, and joy, with everyone fully immersed in the spirit of the festival.
