

Value-Aided Program World Water Day (22/03/2026)

World Water Day is celebrated every year on 22nd March to raise awareness about the importance of water conservation and sustainable use of freshwater resources. On this occasion, a street play (Nukkad Natak) was organized by the students to spread awareness among the community.

Value-Aided Program Health Day Celebration (7/04/2026)

World Health Day was celebrated with great enthusiasm and awareness at our institution on 7th April 2026. The main objective of the celebration was to promote awareness about the importance of good health, balanced nutrition, and physical fitness among students. The program began with a brief introduction highlighting the significance of World Health Day and the importance of maintaining a healthy lifestyle. Students actively participated in various activities organized on this occasion.

One of the major highlights of the day was the Nutritious Food Exhibition. Students, divided into different houses/groups, prepared and displayed a variety of healthy food items. Each group presented charts explaining the nutritional value and health benefits of their dishes. The exhibition not only encouraged creativity but also helped students understand the importance of balanced diets.

Value-Aided Program Yoga Session (8/04/2026)

the Yoga and Exercise Session. Students participated enthusiastically in performing different yoga asanas and physical exercises. The session emphasized the role of yoga in maintaining mental peace, flexibility, and overall well-being. In addition, students presented health awareness slogans and short presentations to spread messages about healthy habits, hygiene, and regular physical activity.

The celebration concluded with a message encouraging everyone to adopt healthy eating habits and include regular exercise in their daily routine. Overall, the event was informative, engaging, and successful in promoting health consciousness among students.

Value-Aided Program Earth Day Celebration (22/04/2026)

On the occasion of Earth Day, celebrated every year on 22nd April, our institution organized a special activity in the form of Van Mahotsav (tree plantation drive) to promote environmental awareness and the importance of greenery. The program began with a morning assembly where students shared their thoughts on saving the Earth, reducing pollution, and conserving natural resources. The significance of trees in maintaining ecological balance was highlighted.
